For special attention

The installation of the stand must be generally carried out by an authorized subcontracted company, it also can be made by qualified employees of the exhibitor. In this case the subcontracter is authorized and obliged to inspect the installation and to allow the on-wiring against charges.

Obviously improper installation lead to the denial of the energising of the stand. The responsibility for the safety of the construction is carried by the exhibitor in every case. Power connections or fuses taken into operation must remain accessibleat any time.

The comcut Messeservice GmbH makes every effort to order fulfillment to do properly and on time. Claims for damages, regardless for whatever legal reason, in particular due to delays in order processing, blemishes, and other consequential damages to us or our vicarious agents are excluded.

MESSESERVICE GMBH

Stand construction
Important - please read carefully!

The Messe Sindelfingen GmbH & Co. KG instructed the comcut Exhibition Services GmbH with the position of the stand walls included in the stand price on the Inspired 2014.

To ensure consistent quality, a high-quality service and above all
To ensure safety, operates the comcut Exhibition Services Ltd.
only with original branded goods manufacturer octanorm and pays attention to expert assembly.

The comcut Exhibition Services Ltd. prohibited foreign companies and individuals specifically the cultivation of any kind to the trade fair stand systems of your Asked material. Likewise, the conversion of the material provided by your prohibited by foreign persons.

The responsibility lies with the exhibitor.

Stand Construction

The stand system includes props, frames and writable aperture
white aluminum and white Octanormwände.
This Octanormwände are included in the stand rental and can not be nailed.
Individual objects can be suspended by Dekohaken to the sides. The deco-
can hook either brought by the exhibitor or during the regular build-
times be purchased at € 0.50 / Piece (incl. VAT) in the exhibitor's office.
The white surface is visually appealing, thereby covering not absolutely necessary
is. If necessary, these walls can be suspended by the exhibitor with fabric.

The stand system has the following dimensions:

General information about our rental furniture

Dear customer,

On the following pages you will find our rental furniture catalog.

All prices are net rents for the duration of the event . Prices are exclusive of VAT .

If you have any questions about our offer , your partner will gladly advise you .

Please note the following information to our rental furniture :

The images and color representations are different depending on your screen or print quality and may differ from reality.

Please note, however , that even attached labels , stickers, tape , etc. must be removed after the event from our rental furniture without leaving a residue , otherwise if appropriate by a recalculation for cleaning.

Note as well that all keys are available for the complete counters, showcases , etc. . Missing key we have to place into account.

It should be noted that lockable counters, cabinets or display cases etc. are not burglar proof and not suitable due to the departure hazard for storage of valuables .

In case of loss or damage to the tenant is liable.

1. Validity of the provisions
All supplies, services, quotations, tenders, order confirmations and acknowledgements and contracts are subject exclusively to these standard terms and conditions. They therefore apply to all future business transactions, even if this is not explicitly agreed in each case. These terms and conditions are deemed to be accepted, at the latest, when rendered services are accepted. Any conflicting standard terms and conditions specified by the customer are herewith null and void. They are not recognized, even if Comcut Messeservice GmbH refrains from explicitly rejecting them after receipt. The contracting representatives of Comcut Messeservice GmbH are only authorized to provide written consent. Verbal agreements, in particular in relation to the time and quality of the performance, are therefore not valid unless confirmed in writing.

2. Quotations and contract signing
All quotations are subject to change and are non-binding. Transactions are not concluded until order acknowledgment by Comcut Messeservice GmbH or signing of a contract. Drawings, illustrations, dimensions, weights and other performance-related data are binding only when this has been explicitly agreed in writing.

3. Prices
Except where otherwise stated, Comcut Messeservice GmbH remains bound by the prices quoted in its tenders for 30 days from the tender date. Outside this framework, the applicable prices are the prices listed in the order acknowledgement plus the applicable value added tax (VAT). Additional supplies and services will be separately invoiced. These prices are net, ex works or despatch warehouse, and do not include packaging, shipping, mail costs, insurance, etc. Also excluded are the rental fees for the stand area and all ancillary costs. In the case of system stands, plan changes will be charged at a fixed rate of EUR 30.00 plus VAT per change after the third change. From the commencement of the contract, any changes to the stand layout will be carried out at extra cost (hourly rate EUR 55.00 plus materials plus VAT) and only on condition of their feasibility.

4. Construction of the stand area
The stand area to be constructed by Comcut Messeservice GmbH must be freely accessible on the construction date. Connections to water and power supplies must, if required, have already been made at this time. An ongoing requirement for the agreed prices in the signed contract is that the trade fair stand can be properly erected and assembled, within the scope of the normal height adjustability of the stand supports, without any additional floor levelling elements. If this is not the case, Comcut Messeservice GmbH can, at its own discretion, provide suitable remedies, or have these provided by the event organizer. The same applies in the event that additional work, above and beyond that included in the original costing and order volume of Comcut Messeservice GmbH, is required on site during the construction of the stand due to an unsuitable floor area. Any additional costs incurred by Comcut Messeservice GmbH for such work will be separately invoiced. Comcut Messeservice GmbH accepts no liability for any defects or for its inability to fulfil an order if the floor conditions hinder or completely prevent installation of a satisfactory floor covering. In the event of the impossibility of laying a floor covering, Comcut Messeservice GmbH is entitled to withdraw from the contract. The customer bears the risk of ensuring the provision of a suitable stand area.

5. Performance and supply time
The performance and supply time is the time specified on the order acknowledgement normally the opening day of the trade fair, unless the event organizer has specified a different date. Comcut Messeservice GmbH is entitled to carry out minor remaining work until the opening of the trade fair or exhibition, to the extent that this work does not significantly impair the initial use of the stand by the customer. Stand dismantling will commence at the end of the trade fair, i.e. the customer or exhibitor is required to immediately remove all equipment and materials at end of the trade fair so that the stand can be dismantled without delay or hindrance.

Items provided for the customer's use must be returned in good condition and, more specifically, must be clean. If additional cleaning is required, this will be charged to the customer. Wall elements damaged by adhesives or other means of hanging pictures, vinyls, etc., or which are no longer fit for use, will be charged to the customer at the repurchase price. Any additional maintenance work required will also be charged to the customer.

If the supply by Comcut Messeservice GmbH is delayed or prevented by an unavoidable circumstance that is not the responsibility of Comcut Messeservice GmbH, Comcut Messeservice GmbH is exempted from the supply for the duration of the impediment and its after-effects. Claims for damages against Comcut Messeservice GmbH are excluded. In the event of any such delay or prevention of performance of the service, for a period longer than 4 weeks, both parties are entitled to withdraw from the contract.

6. Guarantee and liability limitation
Customer claims arising from any deficiencies in the performance or in a supplied item are restricted to retrospective fulfilment.

The customer is required to inspect the work immediately after performance and to accept it unless there are any substantial deficiencies. Any identifiable deficiencies must be immediately specified in writing to allow retrospective fulfilment by Comcut Messeservice GmbH before the start of the trade fair. Making use of the operational trade fair stand is deemed to be acceptance.

The risk of incidental loss or damage is transferred from Comcut Messeservice GmbH to the customer or, in the event of rental agreements, to the renter, from the time of handover of the rental property until 10.00 a.m. on the day after the end of the trade fair. The customer or renter must immediately notify Comcut Messeservice GmbH of any loss of or damage to the rental property, in order to allow coordination of joint action to reduce or eliminate the damage or loss. The risk liability of the customer or renter ends with the return to Comcut Messeservice GmbH.

Irrespective of fault, the customer or renter is liable for all loss of and damage to the rental property in the period in which the rental property is in the customer's or renter's care. The customer or renter will pay compensation for all necessary expenditure for manufacture/repair of the rental property, to a maximum of its value at the time of transfer to the customer or renter.

It is hereby explicitly stated that, where lockable booths or showcases, etc., are rented, these are not burglarproof and, due to the risk of burglary, are not suitable for storing valuable items. Comcut Messeservice GmbH cannot accept any liability for any loss or damage resulting from such actions.

Comcut Messeservice GmbH bears liability, within statutory limits, for any loss incurred by loss of life, personal injury or damage to health. Comcut Messeservice GmbH is not liable for any other loss or damage except in the case of malice or gross negligence. The above liability restrictions apply both to legal and contractual claims, in particular to claims for damages based on guarantee provisions. Liability in accordance with the German Product Liability Act is not affected by this provision.

MESSESERVICE GMBH

7. Subcontractors
In order to fulfil its performance and supply obligations, Comcut Messeservice GmbH is entitled to designate third parties of its own choice at its own discretion as vicarious agents.

8. Insurance
The customer is advised to take out exhibition insurance cover as well as insurance against burglary and theft with regard to the items to be provided by Comcut Messeservice GmbH for temporary use, from the date of handover of the stand to 10.00 a.m. on the day after the end of the trade fair. The customer is liable for any damage caused by the customer or third parties in this period, irrespective of whether such damage is covered by insurance or not. If an appropriate written agreement is made, the exhibition insurance for the provided items and for the customer's property can be arranged on the customer's behalf by Comcut Messeservice GmbH.

9. Copyright
Drafts, plans, drawings and other documents produced by Comcut Messeservice GmbH remain the property of Comcut Messeservice GmbH along with all rights. The transfer of the right of property and utilization and the entitlement to re-utilization, reproduction or copying requires written consent. Amendments are only allowed following prior approval from Comcut Messeservice GmbH. Where orders are executed in accordance with designs or drawing documents provided by the customer, the customer guarantees that this does not contravene any proprietary rights of third parties. The customer undertakes to pay compensation for any damages and to exempt Comcut Messeservice GmbH from any such claims for damages arising from any infringement of third-party proprietary rights.

Comcut Messeservice GmbH is entitled to affix its company name in an appropriate size to any items, particularly trade fair stands, produced by Comcut Messeservice GmbH including those produced according to the customer's plans. Comcut Messeservice GmbH is also entitled to publish or use for advertising purposes photos of the supplied services, free of charge, without separately obtaining consent from the customer.

10. Payment conditions
Except where a different agreement is made in writing, full payment is due immediately after receipt of the invoice. If the customer is late in payment, Comcut Messeservice GmbH is entitled to refuse any further performance. In the event of late payment, Comcut Messeservice GmbH is also entitled, after setting a reasonable late payment deadline, to withdraw from the contract or to claim damages in place of payment, without any counter-threat of rejection. This provision does not affect the right to claim further damages, in particular as a result of late payment.

11. Offsetting payment, refusal of performance
The customer is not entitled to offset payment except where his counterclaims have been legally upheld, or are undisputed or accepted by Comcut Messeservice GmbH. The exercise of a withholding right is authorized to the extent that the customer's counterclaim arises from the same contract relationship. Claims for any additional withholding rights in particular the commercial withholding right in terms of Section 369 HGB (German Commercial Code) are excluded.

12. Property reservation
All contractually required transfers are subject to the settlement of all Comcut Messeservice GmbH claims arising from the commercial relationship with the customer. The customer is entitled to resell the goods subject to property reservation in normal commercial transactions. The purchaser assigns, with immediate effect, the claims arising from resale in the amount of the invoiced total (including value added tax) agreed with Comcut Messeservice GmbH.

13. Safeguarding clause
In the event that any provisions of this contract are entirely or partially legally invalid or cannot be implemented, this does not affect the validity of the remaining provisions of the contract. In these cases, Comcut Messeservice GmbH is authorized, at its own discretion, to substitute a provision that most closely approximates the invalid or unfeasible provision. The same applies in the event of an omission.

14. Place of fulfilment and jurisdiction
The place of fulfilment is the domicile of Comcut Messeservice GmbH. The court of jurisdiction for all disputes is the Regional Court of Stuttgart. Local jurisdiction is determined by the domicile of Comcut Messeservice GmbH.

The commercial conditions and legal relationships are subject in their entirety to the laws of the Federal Republic of Germany, to the exclusion of the 1980 Vienna Convention on the International Sale of Goods (CISG), even when the customer's company head offices or domicile are located outside of Germany.

Comcut Messeservice GmbH is entitled to litigate against the customer in the customer's court of jurisdiction. For customers domiciled outside the Federal Republic of Germany, but within the area of validity of Council Regulation (EC) No. 44/2001, of the 1968 Brussels Convention on Jurisdiction and the Enforcement of Judgments in Civil and Commercial Matters or of the Lugano Agreement, the following provision applies: if the customer is commercially active and has no general place of jurisdiction in the Federal Republic of Germany, Stuttgart is agreed as the place of jurisdiction for all disputes arising from or in conjunction with this contractual relationship.
